Scott Harkness:

I have had a request from one of our committee members to clarify one issue relative to this complaint:

1. Does Golden West Telecommunications have or has Golden West ever had a contract or agreement (verbal or written) with one of the property owners, Mr. Sumanek, to locate any of Golden West Telecommunications underground facilities?

This was the only request for information from our committee members. I would appreciate if you would respond via email at the earliest possible time but no later than noon on Wednesday March 17th with a cc to Olander Contracting.
